Additional supplies maybe required per subject area throughout the school year.

## **Replenish supplies as needed.**

It is recommended but not required that students have an inexpensive flash drive to store computer data. This will allow students to be able to work on classroom computer projects at home. These may be ordered through the school store in the cafeteria. If you choose to purchase a flash drive from an outside source, make absolutely sure it does not contain any preloaded software programs as the Georgetown ISD computer system will block access. The up-keep of flash drives will be the student’s responsibility. Tippit will not be responsible for lost or damaged flash drives.
